

Technical drawing of a rectangular plate. The overall length is $39\frac{1}{4}"$. The overall width is $2"$. There are three holes, each with a diameter of $\phi .41$, spaced evenly across the length. The holes are labeled "3X $\phi .41$ THRU ALL".

A diagram of a rectangular block. The width is labeled as $1\frac{1}{2}"$ and the height is labeled as $5\frac{1}{2}"$.

Diagram showing the elevation of a rectangular structure. The horizontal dimension is labeled $50 \frac{1}{4}''$. The vertical dimension is labeled $2''$. A dashed line indicates the centerline of the structure.

1000000

Technical drawing of a rectangular plate. The overall length is dimensioned as $75 \frac{1}{4}"$. The overall width is dimensioned as $2"$. A center line is drawn across the middle of the plate. A small circle is located at the left end of the center line.
